
W.H.O. DECODE BY GENE DECODE™

WE DO NOT CONSENT!

“There is nothing concealed that will not be disclosed, or hidden that will not be made known” Luke 12:2

In years past, an average of 3,000 people attended the Annual World Economic Forum Meeting In Davos. This year, however, there are only about 300 attendees. The reason why they are not at Davos is that the WHO (World Health Organization aka World Homicide Organization) is having their meeting at the same time (May 22nd-28th), and there are some very serious issues on their agenda. These issues could impact 99.4% of the population on earth.

Smokey Joe Proposes Amendments to the WHO’s International Health Regulations on Behalf of the World

What if the President of the United States proposed handing over the sovereignty of the country to the World Health Organization, not only for the United States, but also for all 194 countries that have signed on with the United Nations.

If something that absurd were to happen, every patriot would be shouting from the rooftops in every country, the media would be making a stir like has never been seen, and the politicians would be serving their people and challenging the President and working to remove his ability to make that choice on their behalf. It’s treason on a global level.

Why isn’t it playing out like this?!

The Cabal is very legalistic in their trickery. The definition of “Legal” in the 9th edition of Encyclopedia Britannica is “the undoing of God’s laws.” They know God’s laws, and they know how to work around God’s law, and through their “legal” ways they have been systematically attempting to undo God’s law.

WE DO NOT CONSENT!

The cabal requires our consent to carry out their schemes. They have spent a very long time mastering the art informing us of their plans in such a way that humanity isn't aware that to NOT consent is TO consent. Their form of legal disclosure, as required by God's law, comes by way of movies, TV, and sometimes buried in the fine print of their documents. They are masters at gaining our tacit agreement. They get us to agree by doing nothing, after all we have been informed, and we chose not to object.

"TACIT. Existing, inferred, or understood without being openly expressed or stated, implied by silence or silent acquiescence, understood, implied as a tacit agreement; a tacit understanding. Done or made in silence, implied or indicated, but not actually expressed. Manifested by the refraining from contradiction or objection; inferred from the situation and circumstances, in the absence of express matter." Blacks Law Dictionary

There is a reason why these meetings at the World Health Organization (WHO) and the World Economic Forum (WEF) are recorded and placed where the average human being can find and observe. God's law will not allow them to do anything against us without first informing us and giving us the opportunity to object. To them this is simply a legal process.

Freedom of choice is absolute and therefore we can choose their plan or we can choose to say no and experience a positive outcome.

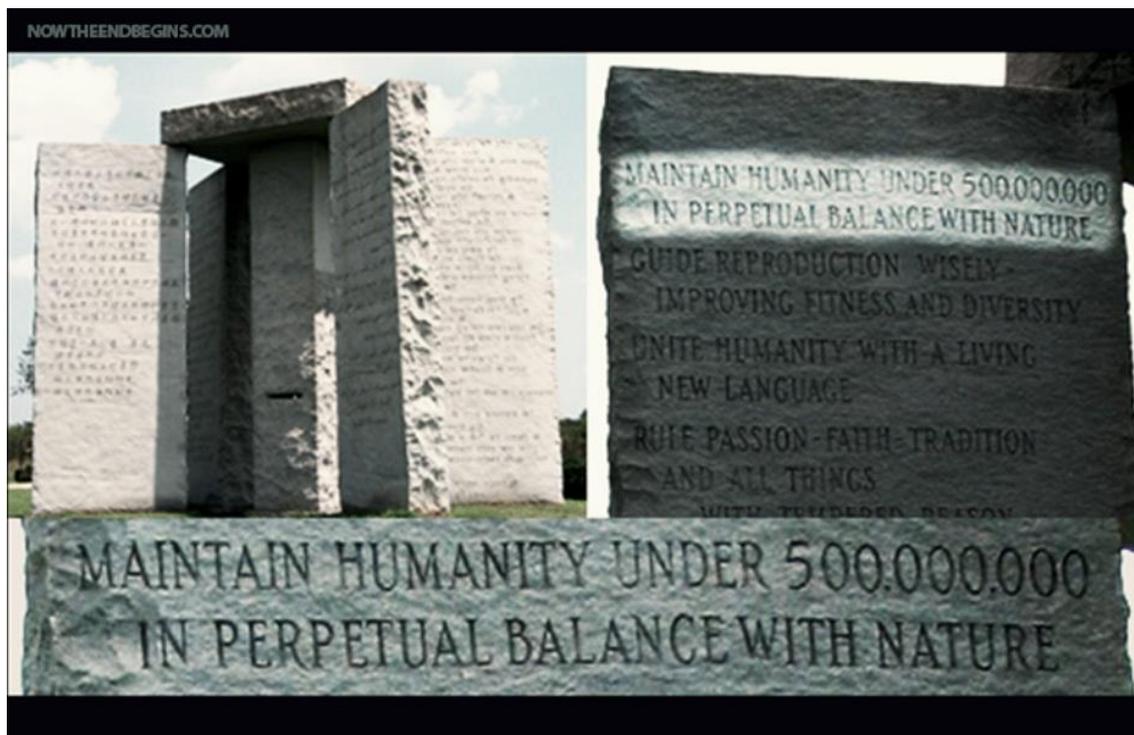

What is the WHO?

“The WHO was founded in 1948. It is the United Nations agency that connects nations, partners and people to promote health, keep the world safe and serve the vulnerable – so everyone, everywhere can attain the highest level of health ... WHO’s work remains firmly rooted in the basic principles of the right to health and well-being for all people, as outlined in our 1948 Constitution. The World Health Assembly is the decision-making body of WHO and is attended by delegations from all Member States.”

Dangers of the WHO running our world

On January 18th, 2022, Smokey Joe sent the WHO thirteen (13) proposed amendments to the WHO's Constitution. According to the WHO Constitution, as it stands right now, Article 73 states:

"Tests of proposed amendments to this Constitution shall be communicated by the Director-General to Members at least six months in advance of their consideration by the Health Assembly. Amendments shall come into force for all Members when adopted by two-thirds of the Members in accordance with their respective constitutional processes."

Six months from January 18, 2022 is July 18, 2022. If they voted on this any sooner, they would be going against their own legal process.

Executive Summary:

The World Health Organization Is Attempting a Power Grab

1. Most people have never heard of the International Health Regulations (IHR). The United States agreed to the IHR in 2005. These regulations override and supercede the U.S. Constitution.

2. On January 18, 2022 the United States submitted a number of amendments to the IHR that serve to give away even more of our sovereignty and greatly empower the World Health Organization (WHO) to restrict YOUR health related rights and freedoms.

3. The 75th meeting of the World Health Assembly will be held in Geneva, Switzerland this May 22-28, 2022. The Assembly will vote on the amendments to the IHR. They are very likely to pass and be enacted into international law unless "We the People" stand up against this attack on our sovereignty.

4. These amendments to the International Health Regulations do NOT need to be approved by two-thirds of the U.S. Senate. We have already agreed to obey the IHR by virtue of our membership in the United Nations and the WHO. We have already given away some of our sovereignty. These amendments are designed to confuse the member nations into giving away even more of their sovereignty.

5. In addition to the proposed amendments to the IHR, the WHO has also set up an Intergovernmental Negotiating Body (INB) that is actively negotiating an international "Treaty on Pandemic Prevention, Preparedness and Response." The proposed "Pandemic Treaty" is separate from, and in addition to, the proposed amendments to the International Health Regulations mentioned above.

6. The "Pandemic Treaty" does not yet exist. It is being drafted and negotiated right now. **Discussions regarding the "Pandemic Treaty" are important but they are also part of a sophisticated diversion to confuse people and get them to ignore the immediate concern, which is the Amendments to the IHR being considered by the World Health Assembly this May 22-28.**

7. The time to speak out and stand up for your rights is NOW.

“The Supreme Court case listed below clearly shows that the Biden administration is attempting to give away powers that they are not allowed to give away.

Chan Ping v. United States, 130 U.S. 581, 609 (1889)

The powers of government are delegated in trust to the United States, and are incapable of transfer to any other parties. They cannot be abandoned or surrendered.

“‘We the People’ granted the President the right to declare a National Emergency. President Biden does NOT have the right to abdicate that responsibility and hand it over to the Dictator-General of the World Health Organization.”

Fortunately, There is Already Some Good News!

- ❖ The WHO is being dealt major pushback by several countries, and the U.S. is pushing to create legislation preventing the WHO's domination.

Source: <https://www.onenation.org.au/who-forced-into-humiliating-backdown>

May 25, 2022 - "Botswana read a statement on behalf of its 47 AFRO members, saying they would be collectively withholding their support for the 'reforms', which many African members were very concerned about.

"Multiple other countries also said they had reservations over the changes and would not be supporting them either."

"These included Brazil, Russia, India, China, South Africa, Iran and Malaysia. Brazil in particular said it would exit WHO altogether, rather than allow its population to be made subject to the new amendments.

"In the end, the WHO and its wealthy nation supporters were forced to back down."

They have not given up though – far from it. Instead, they did what they always do and 'pivoted'.

At their request, a new working group was convened to make "technical recommendations on the proposed amendments" which will be re-submitted along with the Pandemic Treaty, at the 77th Health Assembly meeting in 2024.

There has also been **lots of pushback from Republicans in the US**, with a number of them introducing new bills giving the US Congress/Senate powers to override any WHO mandates or directives issued as part of any international agreements.

One, called the 'No WHO Pandemic Preparedness Treaty Without Senate Approval Act' has 15 co-sponsors and was introduced to the Senate on Thursday by Republican Senator Ron Johnson, who said "**The sovereignty of the United States is not negotiable**".

WHO Pandemic Preparedness Treaty

“It would be up to Member States to decide if and what compliance mechanisms would be included in the new instrument on Pandemic Preparedness and Response. It is a general principle of international law that once an international law instruments in force, it would be binding on the parties to it, and would have to be performed by those parties in “good faith.”

Source:<https://www.who.int/emergencies/diseases/novel-coronavirus-2019/question-and-answers-hub/pandemic-prevention--preparedness-and-response-accord>

However, the new proposed amendments to the WHO constitution would change the performance by the parties in “good faith” and instead provide a legal gateway for the UN Forces to enter a country and enforce the treaty.

Brazilian President Jair Bolsonaro declared his country would not sign onto the World Health Organization’s (WHO) Pandemic Treaty, assuring that Brazil will not surrender its sovereignty to the globalist institution.

President Bolsonaro was the only leader to oppose the pandemic treaty and rebuked Biden’s amendments, assuring his country would not surrender its sovereignty to the globalist institution.

“Brazil will not get into this [WHO Pandemic Treaty]. Brazil is autonomous,” Bolsonaro told reporters on Thursday. “Brazil is autonomous and will not get into this, You can forget about that. I’ve already spoken to our foreign relations cabinet and if that proposal goes forward, it won’t be with Brazil.

“Moreover, I was the only statesman that didn’t adhere to the lockdown policies,” the populist president continued. “I said we had to take care of the elderly and people with comorbidities, and today studies outside of Brazil especially show that I was right.”

What You Can Do – A Call to Action!

1. **Call or send an email to Congress, your Senator(s), your Congressional Representatives**, and send it to every media outlet on Earth and demand that they ask our elected officials what they are doing about this clear and present danger to our sovereignty. Send it 10+ times a day until you get a satisfactory response.

Dear _____

I'm calling to inform you that evidence has been revealed that has exposed a blatant power grab by the World Health Organization. **Delegates to the 75th World Health Assembly must be stopped from voting to hand over the sovereignty of the United States and all the other nations of the world to the WHO.**

On January 18, 2022 HHS Assistant Secretary for Global Affairs (Loyce Pace) submitted documents to the WHO that proposed amendments to the International Health Regulations. I would like to call your attention to the amendments to Article 12, sections 2, 3 and 5. Please be aware that these amendments are scheduled to be voted on this May 22-28, 2022. The end result of this would be the transfer of United States sovereignty over to the WHO and the beginning of One World Government.

Please realize that I am not referring to Senate Bill 2297.
That is another abomination which you must speak out against.

Please also realize that it is a criminal offense to keep secret any plots against the United States. You have now been made aware of this information and you are under a legal obligation to inform the President of this potentially treasonous act. [18 U.S. Code § 2382 - Misprision of treason]

If you have any questions, you should contact James Roguski, who is the person who revealed this information. He can be reached at 310-619-3055. All the details are available on <http://DontYouDare.INFO>

My name is _____.

My phone number is _____.

My email address is _____.

I request that you take action immediately and respond to me as soon as you have done so. Let me know what actions you have taken to address this **potentially treasonous act**. Thank you.

We CANNOT and will NOT allow them to make these amendments.

These people are sick. They are so desperate they will do absolutely anything to try and recover as much of their NWO as they can. We the people have a choice. We can either stand back and give them our tacit agreement to launch the NWO or we can stand up and declare that we DO NOT CONSENT to their plan, and make sure they are aware that we know what they are doing and we are not okay with it any longer.

The Cabal will continue to try and bring in their New World Order. It is in their genetics not to give up on this plan, they crave power; it isn't a want, it is a need for them.

However, we know that God Wins.

For freedom Christ has set us free; stand firm therefore, and do not submit again to a yoke of slavery.

Galatians 5:1

So if the Son sets you free, you will be free indeed.

For you were called to freedom, brothers. Only do not use your freedom as an opportunity for the flesh, but through love serve one another. ¹⁴ For the whole law is fulfilled in one word: “You shall love your neighbor as yourself.”

Matthew 6:15

Mark 11:26

“My heavenly Father will also do the same to you, if each of you does not forgive his brother from your heart.” Matthew 18:35

If you forgive the sins of any, their sins have been forgiven them; if you retain the sins of any, they have been retained.”

John 20:23

“Do not judge, and you will not be judged; and do not condemn, and you will not be condemned; pardon, and you will be pardoned.

Luke 6:37

Our Sovereignty comes from surrendering ONLY to God and letting go of any souls that we are holding hostage. We hold people hostage when we don't forgive them, and lose our standing to stand in sovereignty.

Our battle is not against flesh and blood; it is not against our friends, neighbors, relatives, or people on the street wearing masks. Those are all people who have been created by God. ONLY God and Jesus Christ have the right to judge.

Freedom of choice is absolute – it's our free will given to us by God. Every one makes his or her own choice; and every one is also free to change their mind if and when they want. And every person who dies has the opportunity to know and love Jesus Christ even after death, so can we really know what their future holds now?

We need to be treating EVERYONE with kindness, compassion and understanding even if they aren't doing so in return – especially if they aren't doing so in return. We don't know what that person has been through that led them to the moment that we encounter them.

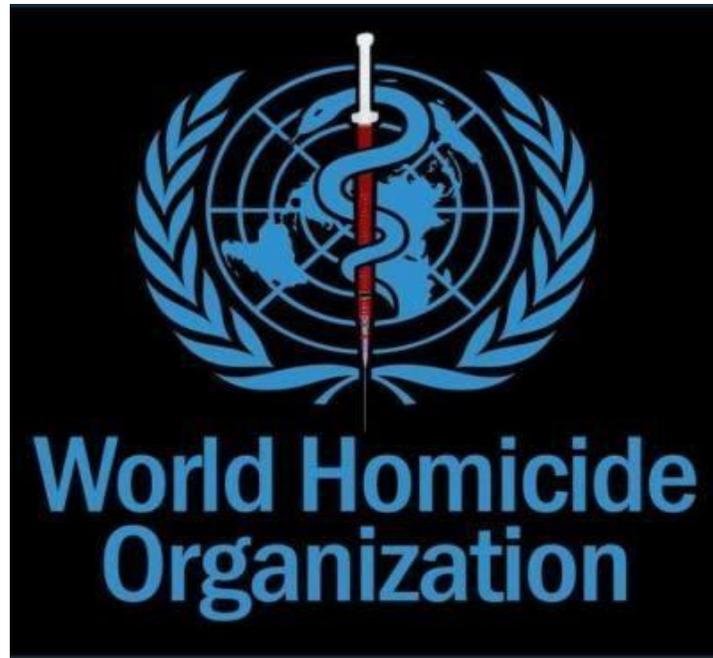

Forgiving someone does not mean that they are being let off the hook. It means that you are releasing them to God. It means that you are no longer holding their soul hostage and finally allowing God to deal with them and the situation as he sees fit from his divine wisdom.

“Evil prevails when good men do nothing.”

This is not the time to sit on our hands and do nothing. This is a call to action.

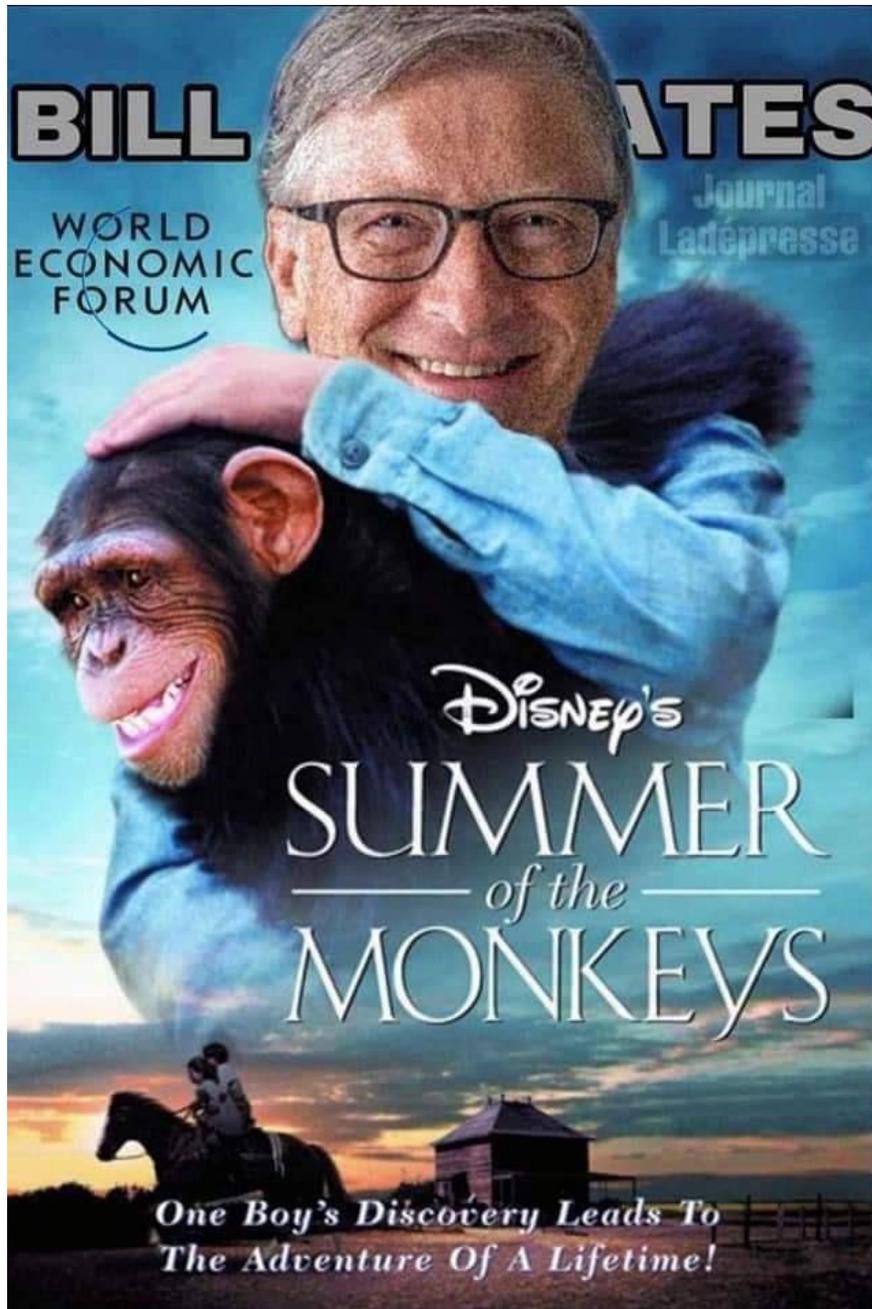

We need to stand before God and tell Him that we do not consent. Write letters, emails or call your elected officials and make sure they know you are aware of the situation with the WHO and that it is treason for them to do nothing about stopping these amendments from being made and treaties from being formed as they are handing the sovereignty of your nation over to the WHO. Let's tell everyone we know what is happening. If they disagree, it's okay. Our job is to inform them AND THEN KNOW that we have done our part.

There is no reason to fear. God is in control! God allows us to make choices. If we choose to do nothing, then our choice has given the NWO our consent.

WE DO NOT CONSENT!!
